n.m - not meaningful

Note:

Note 1 - The comparative figures for Q4 2007 and April to December 2007 are that of the Fortune Court and Chongqing Yingli only.

Note 2 - Include reverse takeover expenses of RMB 5.6 million for the period from April to December 2008.

Note 3 - It includes goodwill written of RMB 109.4 million for the period from April to December 2008 arises from the reverse acquisition of Fortune Court Group. Profit before income tax before goodwill written off would have been RMB 537.0 million.

Note 4 - The minority shareholders of Chongqing Yingli has agreed that following the Acquisition and the Capital Injection, it will waive all its rights to receive dividends and/or other distributions (whether in the form of cash or as distributions in specie save for bonus shares) declared by the Company out of its retained earnings or profits in any particular financial year to its shareholders. Therefore no minority interest is recognised at the group level.

Note 5 - The minority interest for the Q4 2008 and April to December 2008 arises due to the consolidation of San Yan Wan. San Ya Wan recorded its first sale in the 4th quarter this year.

Note:

Note 1 - The adjustment arose from reverse acquisition accounting and represents the cost of acquisition of the Fortune Court Group by the Company (legal parent). The cost of acquisition is determined using the fair value of the issued equity of the Company before the acquisition being 127 million shares at S\$0.33 per share (This represents the fair market value of the Company as at 26 September 2008 (date of completion of acquisition)). It is deemed to be incurred by the Fortune Court Group (i.e. the acquirer for accounting purposes) in the form of equity issued to the owners of the legal parent (i.e. the acquiree for accounting purposes).

Note 2 - Share capital reflect the equity structure of the legal parent. Capital surplus and reserves as at 31 December 2008 represents that of the Fortune Court Group (i.e. legal subsidiaries), the acquirer for accounting purposes.

Note 3 - The Company acquired the Fortune Court Group for a consideration that is satisfied by the allotment and issuance of 1.652 billion shares at S\$0.33 per share (This represents the fair market value of the Company as at 26 September 2008 (date of completion of acquisition)). On 22 October 2008, the Company issued another 2.435 million new shares at S\$0.30 per share.

- 1(d)(ii) Details of any changes in the company's share capital arising from rights issue, bonus issue, share buy-backs, exercise of share options or warrants, conversion of other issues of equity securities, issue of shares or cash or as consideration for acquisition or for any other purpose since the end of the previous period reported on. State also the number of shares that may be issued on conversion of all the outstanding convertibles, as well as the number of shares held as treasury shares, if any, against the total number of issued shares excluding treasury shares of the issuer, as at the end of the current financial period reported on and as at the end of the corresponding period of the immediately preceding financial year**

 - any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on.**

In our industry, the recognition of sales is project driven. Consequently, quarterly results may not be a good indication of the trend of profitability.

PROFIT AND LOSS

Revenue	Group					
	4th Qtr 2008		4th Qtr 2007		Increase / (Decrease)	
	RMB	%	RMB	%	RMB	%
Sale of properties	43,077,767	86.6%	23,081,372	86.6%	55,856,115	7.3%

	52,452,860	51.1%	34,722,871	51.1%	86,724,359	4.3%

Group Revenue

Group Revenue for the period from **April to December 2008** decreased by 4.3% or RMB 3.9 million. The sales of San Ya Wan accounted for RMB 43.1 million and revenue from other development properties accounted for RMB 12.8 million in the period April to December 2008. For the same 2007 corresponding period, the sale of San Ya Wan accounted for nothing and revenue from other development properties accounted for RMB 60.3 million. Thus the decreased was entirely due to a drop in sale of other development properties. Chongqing Yingli's properties are considered highly desirable and thus the number of units left for sale from 2007 was small.

Group Revenue for the **Q4 2008** was RMB 52.5 million compared to RMB 34.7 million for the corresponding period ended 31 December 2007, an increased of 51.1% or RMB 17.7 million. The increased was entirely due to the sale of Phase 1 of San Ya Wan properties (Phase 1 of San Ya Wan contributed to the whole of the Q4 Group Revenue). Phase 1 of San Ya Wan project was completed in Q4 2008. Phase 1 of San Ya Wan has now been substantially sold.

Group rental for the period **April to December 2008** remained constant, meaning it was substantially the same as the corresponding period in 2007. Group rental for the **Q4 2008** fell by 19.5% mainly due to early recognition of receipts, a policy which has since been reversed in order that the company's accounting policies be more consistent with the principals of accrual.

Gross Profit and margin	Group							
	4th Qtr 2008		4th Qtr 2007		Apr to Dec 2008		Apr to Dec 2007

Gross Profit Margin and Gross Profit

Gross profit margins for the period from **April to December 2008** decreased significantly from 47.8% to 30.0%. This was entirely due to the lower margin from sale of Phase 1 of San Ya Wan. The gross profit margin for San Ya Wan was only 1.0%. This is evidenced by the fact that the gross profit margins for **Q4 2008** decreased from 46.7% to 6.5%. The low gross profit margin is due to the way the deal to acquire San Ya Wan was undertaken. The Group agreed to acquire the whole of San Ya Wan including being responsible for any sales that had already been undertaken. Prior to being taken over San Ya Wan had agreed to sell part of Phase 1 to the previous shareholders at a very attractive price. This 'loss' was factored into the price. Meaning when Phase 2 is sold, substantially higher margins are expected.

If San Ya Wan was excluded the gross profit margin of other development properties sold was higher at 59.3%.

Accordingly the gross profit of RMB 3.4 million in Q4 2008 and RMB 26.0 million for the period from April to December 2008 decreased by 79.1% and 39.9%, respectively.

Other income

Other income for the period **April to December 2008** increased by RMB 535.5 million mainly due to the recognition of negative goodwill of RMB 485.4 million on the acquisition of Chongqing Yingli. The negative goodwill is to the difference between the revalued NTA of Chongqing Yingli of RMB 694.8 million on the date of acquisition and the purchase consideration of RMB 209.4 million. Other income for the period also rose due to significant Q4 2008 other income as explained below.

Other income for **Q4 2008** increased by a significant RMB 23.6 million mainly due to consultancy fee of RMB 10.6 million and reversal of the Land Appreciation Tax (LAT) of RMB 13.9 million provided for in previous years.

Selling expenses

Selling Expenses for Q4 2008 and for the period April to December 2008 rose mainly due to the selling expenses incurred for the sale of Phase 1 of San Ya Wan.

Administrative expenses

Administrative expenses, for Q4 2008 and for the period April to December 2008, increased due to: higher administrative expenses incurred by the sale of Phase 1 of San Ya Wan; expenses incurred by the new holding company; higher travelling expenses; foreign currency exchange losses arising from the maintenance of bank accounts and monies not denominated in S\$; and a one-off write off arising from the reverse takeover expense of RMB 5.6 million.

Fair value loss on investment properties

The investment properties were revalued by Jones Lang Lasalle Sallmanns Limited, a firm of independent qualified professional surveyors. The investment properties were valued at RMB 1,298 million. The valuation was based on the investment method by capitalizing the net rental income derived from the existing tenancy with due allowance for the reversionary value of the property as at 31 December 2008. This revaluation excluded the revaluation of land for development.

Finance costs

These are interest expense related to San Ya Wan project.

Other operating expenses

Other operating expenses for Q4 2008 and for the period April to December 2008 arose due to:

- 1) A one-off write down of RMB 5.2 million worth of investments in an associated company. The associated company, Baijiang Industrial Development Co., Ltd, has now been liquidated;
- 2) A non-recurring charitable donation of RMB 10.0 million made by YingLi for the Sichuan earthquake. A donation was for the rebuilding of a primary school; and
- 3) A one-off write off Goodwill of RMB 109.4 million which arose from the reverse acquisition by Fortune Court Group of Showy.

Share of associates' result

Chongqing Yingli was an associated company previously. On the 12 March 2008, the Company increased its investment in Chongqing Yingli and as a result of this additional investment, Chongqing Yingli became a subsidiary on that date.

Income tax

The negative income tax for Q4 2008 and for the period April to December 2008 was the deferred tax effect on recognizing the fair value loss on investment property. The respective corresponding periods in 2007 were due to the provision of deferred tax arising from the recognition of a fair value gain on investment properties.

Profit after income tax

Profit /(loss) after income tax for the period April to December 2008 and Q4 2008 include fair value loss on investment property net of tax of RMB 38.3 million. Without the fair value loss, profit/(loss) after income tax for the period April to December 2008 and Q4 2008 would be RMB 393.9 million and -RMB 0.6 million respectively.

BALANCE SHEET**Investment property**

The investment properties were revalued at RMB 1,298 million by Jones Lang Lasalle Sallmanns Limited, a firm of independent qualified professional surveyors, and was based on the investment method by capitalizing the net rental income derived from the existing tenancy with due allowance for the reversionary value of the property as at 31 December 2008. This revaluation excluded the revaluation of land for development.

Land for development

Land for development is land held by the company for development into commercial and office building and has not been revalued.

Trade and other receivables

The decrease was due to repayments in 2008 from shareholders. Shareholders no longer owe money to any part of the Group.

Trade and other payables

Trade and other payables comprise mainly trade payables, advances for the sale of properties received from customers, deposits and option money received from the rental of property to tenants and accruals of construction cost. Trade and other payables rose due to retention monies arising from the completion of Phase 1 of San Ya Wan.

CASH FLOW STATEMENT**April to December 2008**

The net cash of RMB 97.6 million used in operating activities as compared to RMB 89.5 million, in the corresponding period, was due to the cost associated with the IFC project (this cost has been capitalized in accordance with accounting standards). The net cash used in investing activities of RMB 136.3 million as compared to RMB 2.1 million in the corresponding period was mainly due to the acquisition of our subsidiary, Chongqing Yingli, and an interest in San Ya Wan less cash received from the proceeds from the disposal of existing business to Showy Pte Ltd.

Net cash generated from financing activities of RMB 294.5 million as compared to RMB 20.1 million, in the corresponding period, was due to: the new issuance of shares to fund the acquisition of Fortune Court Group; repayment of bank loan and proceeds from a convertible loan; write off of reverse acquisition expenses incurred against share capital; and a one-off adjustment of retained earning required by reverse acquisition accounting policies.

INDUSTRY BACKGROUND

Chinese Government has set an annual GDP Growth target rate of 8% for Year 2009. As the largest exporting economy in the world, China is also weathering through the challenging economic condition in the immediate future though it is in a less severe position compared with the US and Euro zone.

In the medium and longer term, China particularly its four major direct municipalities, namely Beijing, Shanghai, Tianjin and Chongqing are expected to be strongly underpinned by the following positive fiscal policies introduced by the Central Government::

- a) The massive USD800billion fund targeted to pump prime the key sectors of China's economy, particularly in infrastructure, housing and consumption;
- b) The central government's plan to develop Chongqing, a city of 32million people into a mega financial hub of China;
- c) The establishment of Chongqing as a Free Trade port.

The medium to long term prospect of Chongqing remains positive. The commercial real estate sector will be further boosted by the government's recent announcement of setting up Real Estate Investment Trusts (REITs) to encourage investments into income generating real estate.

COMPANY

The major contribution of the Company in FY 2009 will be from rental income of the investment properties and the revenue from sale of the development projects.

Rental income of commercial properties in Chongqing is expected to remain stable in the immediate future and it will continue to underpin the performance of the Company.

For sales revenue in FY2009, the Company has decided to concentrate the resources in its two mega commercial projects, namely the IFC and phase 2 of the San Ya Wan development. The foundation work of the IFC is almost completed and the IFC will be completed and ready for occupation in 2 years' time while phase 2 of the San Ya Wan development is being prepared for marketing in FY 2009.

It is projected that the financial contribution of the IFC and phase 2 of the San Ya Wan development will be moderate. Barring any unforeseen circumstances and excluding any fair value adjustments, the Company should remain profitable in FY 2009.
