Please disclose the impact on the Company's gross profit margin from the sale of IFC office units.

Response to Query (b)

The cost of Sales of Properties includes Land Appreciation Tax ("LAT"). The lower Company's gross profit margins in 1QFY2012 was due to higher LAT rate applicable to IFC office units, as compared to LAT rates applicable to the properties sold in 1QFY2011. The resultant mix caused overall gross profit margins to decline by 11 percentage points.
