1. Development properties

The management accounted for the difference between the budgeted and actual cost (i.e. unit cost per square metre) of the projects developed by the Group, then standardized the timing of revenue and costs of sales recognition. Accordingly, the management made corresponding provisions based on the total variance amounting to RMB393.41 million (1 January 2018: RMB404.85 million).

The management has also written down the costs of certain inventories for two projects launched since 2016 amounting to RMB246.91 million (1 January 2018: RMB246.91 million), based on the current net realisable value of the two projects.

2. Trade and other receivables

(a) Balance receivable from disposal of subsidiaries/land

The Group had previously entered into a sale and purchase agreement (“SPA”) for the disposal of two subsidiaries to a third party (the “Buyer”) for a consideration of RMB3,285.35 million (“Consideration”). As at the date of this financial statement, the Group has received a total payment of RMB2,710.00 million of the Consideration from the Buyer, with a balance of RMB575.35 million remaining payable by the Buyer. Based on the SPA, the Buyer has the right to deduct from the Consideration in the event of non-fulfillment of certain conditions. The management has assessed the recoverability of the balance Consideration and has made provision for impairment losses amounting to RMB337.38 million (1 January 2018: RMB15.10 million) in relation to the balance Consideration receivable based on the available information at the date of each financial statement.

The Company’s subsidiary, Chongqing Yingli Real Estate Development Co., Ltd. (“CQYL Real Estate”), is a party to several litigation claims and disputes in People’s Republic of China (“PRC”) which arose in the previous financial years (“Litigation Matters”). As at the date of this financial statement, while there were certain preliminary judgments made by the courts in PRC in favour of the Group, these Litigation Matters have not concluded as counterparties had filed for appeal against these court judgements. Accordingly, taking into account the information available to the management and the advice obtained from the Group’s legal advisers in respect of the potential outcome of the Litigation Matters, the management estimates that the maximum liability faced by the Group as a result of the Litigation Matters could be potentially RMB434.02 million (1 January 2018: RMB270.00 million) (the “Liability”). As it is uncertain at this stage whether CQYL Real Estate would be discharged from any of the liabilities arising from the Litigation Matters, the management has made provisions in respect of the Liability in the financial statement.

(b) Other payables

The management has also made provisions in relation to the under recognition of liabilities amounting to RMB45.31 million (1 January 2018: RMB40.20 million).

4. Deferred taxation

The management recognized additional deferred taxation assets amounting to RMB163.96 million (1 January 2018: RMB61.73 million) based on the temporary differences between the accounting and tax bases arose from the provisions liabilities of the Group as well as the writing down of the Group’s assets as set out in Note A.

5. Provision for taxation

The management has recalculated the provision of Land Appreciation Tax (“LAT”) of the projects developed and made additional provisions amounting to RMB131.22 million (1 January 2018: RMB121.82 million) in the related financial period. The Group has adopted the new/revised SFRS(I)s that are effective for annual period beginning on or after 1 January 2019. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective SFRS(I)s, SFRS(I) Interpretations and amendments to SFRS(I)s.

The following are the new or amended SFRS(I)s and SFRS(I) Interpretations that are relevant to the Group:

- SFRS(I) 16 Leases
- SFRS(I) INT 23 Uncertainty over Income Tax Treatments
- Amendments to SFRS(I) 9 – Prepayment Features with Negative Compensation
- Amendments to SFRS(1) 1-12 Income tax consequences of payments on financial instruments classified as equity

Adoption of SFRS(I) 16:

SFRS(I) 16 Leases introduces a single, on-balance sheet lease accounting model for leases. A lessee recognises a right-of-use (ROU) asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard, i.e. lessors continue to classify leases as finance or operating leases. The Group has operating lease in respect of its existing office lease in Singapore, which is expiring at the end of the current financial year. Management will account for such lease as "short-term leases" as at the date of initial application.

Other than the above, the adoption of the above SFRS(I)s, SFRS(I) Interpretations and amendments to SFRS(I)s did not have any significant impact on the financial statements of the Group.
